

# XII<sup>th</sup> INTERNATIONAL CONGRESS on the **Renewable Energy** and the Environment

**From 22 | March  
To 24 | 2018  
in Sousse ,Tunisie**

With the support of Tunisian and foreign partners and with the reinforcement of the Tunisian Association for Renewable Energy and the Environment (ATERE), the organizing committee organizes the twelfth International Conference on Renewable Energies and Environment (CERE'2018).

The conference is of particular interest to : researchers, scientists, engineers and practitioners in fields related to energy and environment, such as politics, technical development, management and marketing.
